Vice Admiral M. G. Bayne, USN  
Commandant  
The National War College  
Washington, D.C. 20319

Dear Admiral Bayne:

Thank you for your letter of 15 August 1974. We are delighted to have the current National War College class visit CIA on 16 December. I well remember the stimulating and mutually rewarding day that we spent with the students and faculty of last year's class. As you suggested, we are planning a program very similar to the one presented last November.

I understand that Captain Henry M. Dibble, USN, of your staff, is in touch with [REDACTED] of the CIA Office of Training and will be working with him on the details of the visit.
